

GeoEdmonton 2018 Schedule - Draft as of August 9, 2018

	MONDAY					TUESDAY					WEDNESDAY				
8:00	Opening Ceremonies														
8:15	R.M. Hardy Address														
8:30	Darcy Lecture					Colloquium / Graduate Student Presentation					Tunneling in Urban Environments	Geosynthetics II (Walls and Barrier Systems)	Geohazards in Linear Infrastructure	Soil Mechanics & Foundations (Numerical Analysis II)	Regional Characterization
9:00															
9:30															
10:00	REFRESHMENT BREAK					REFRESHMENT BREAK					REFRESHMENT BREAK				
10:30	In-Situ Testing	Transportation Geotechnics I	Soil Mechanics & Foundations (Deep Foundations I)	Geosynthetics I (Geo Composites)	Contaminant Hydrogeology	Rock Mechanics & Eng Geology I	Transportation Geotechnics II	Soil Mechanics & Foundations (Numerical Analysis I)	Soil Mechanics & Foundations (Deep Foundations II)	Groundwater Dependent Ecosystems	Soil Mechanics & Foundations (Advances in Laboratory Testing II)	Rock Mechanics & Eng Geology II	Mining Geotechnics & Hydrogeology III	Cold Regions and Permafrost II	General Hydrogeology
11:00															
11:30															
12:00	LEGGET AWARD LUNCHEON					CGS BUSINESS LUNCHEON IAH-CNC BUSINESS LUNCHEON					CGS HERITAGE LUNCHEON				
12:30															
13:00															
13:45	PPC: Women In Engineering	Peats and Soft Soils	Geo-Environmental Engineering I	Soil Mechanics & Foundations (Advances in Laboratory Testing I)	Hydrogeological Characterization	Mining Geotechnics & Hydrogeology II	Soil Mechanics & Foundations (Ground Improvement)	Geo-Environmental Engineering II	Reliability Analysis for Geotechnical Design	Anthropogenic Activities in Watersheds	Landslides and Geohazards III	Soil Mechanics & Foundations (Seismic Analysis)	Shallow Geothermal Energy Exchange	Soil Mechanics & Foundations (Offshore Geotechnics)	Mining, Energy Development and Groundwater II
14:00															
14:30															
15:15	REFRESHMENT BREAK					REFRESHMENT BREAK / GEOpardy!					Closing Ceremonies				
15:45	Landslides and Geohazards I (Translational Landslides)	Soil Mechanics & Foundations (Advanced Soil Mech)	Mining Geotechnics & Hydrogeology I	Soil Mechanics & Foundations (Case Studies)	Mining, Energy Development and Groundwater I	Risk Management in Geotechnical Projects	Landslides and Geohazards II (Liquefiable Soils)	Cold Regions and Permafrost I	Aquifer Hydraulics	Approaches to Groundwater Management					
16:00															
16:30															
17:00															
17:30															
17:30-18:30	CGS Division Meetings					CGS Division Meetings IAH Annual General Meeting									
18:30-19:00	Awards Banquet Cocktail Reception														
19:00-22:00	CGS and IAH-CNC Awards Banquet					Edmonton Local Colour Night
